Provider count (total on ETPL): unknown (portal has no list-all) **CC-filtered count (matched against IPEDS):** 6

Caveats

- WV ETPL portal (MACC Search for Training) has no list-all or bulk export; enumerated by searching each WV community college by name.
- Program counts derived from the Filter by Location totals shown after each keyword search.
- CIP codes not displayed on public search results.
- Blue Ridge CTC and Potomac State College of WVU returned zero programs on exact-name search and are not listed as active WV ETPL providers there.
- Roster captured is the CC intersection only; full provider roster not extractable without exhaustive keyword enumeration.

Caveats

- Montana's ETPL is administered via the MontanaWorks portal but is not exposed as a public searchable list — users must contact local Job Service to request provider lookups.
- The Adult Service Provider List published on wsd.dli.mt.gov lists Job Service / HRDC offices, not training providers.
- MT maintains a Credential Registry but it does not publish the current ETPL approved-provider roster.
- Therefore only the IPEDS Montana CC universe is listed here as reference.
